

# Smart App Setup Guide

12W RGBW Landscape Spot Light · Model JXL-HW-D08

---

## Requirements

RGBW model only. Requires a 2.4GHz Wi-Fi network and the Tuya Smart app (iOS or Android).

## Pairing Steps

1. Install the Tuya Smart app and create or sign in to your account.
2. Power on the fixture — the indicator will blink to signal pairing mode.
3. In the app, tap Add Device > Lighting > Outdoor Light.
4. Enter your Wi-Fi password when prompted and wait for pairing to complete.

## Voice Control

Once paired, link your Tuya account inside the Amazon Alexa or Google Home app to enable voice commands.

## Music Sync

Enable microphone access in the app to let the fixture react to ambient sound in Music Sync mode.

This is sample/demo documentation for the Installation Guide feature. Replace with the real manufacturer document before this product goes live.
