

THH LIVING

User Manual

12W RGBW Landscape Spot Light · Model JXL-HW-D08

Overview

Directional low-voltage accent light with a 180-degree adjustable head, available in 5CCT tunable white or full RGBW color with app and voice control.

Operating Modes

- White mode: cycle through 2700K-5000K via the in-line switch or app.
- Color mode (RGBW only): select solid colors, scenes, or music sync in the app.

Care & Maintenance

Wipe the lens with a soft, damp cloth. Do not use abrasive cleaners.
Check the housing gasket annually to maintain the IP65 rating.

Troubleshooting

If the fixture does not power on, verify the transformer is within its rated load and that all low-voltage connections are secure and corrosion-free.

This is sample/demo documentation for the Installation Guide feature. Replace with the real manufacturer document before this product goes live.
